

# Prim Buddies

Primrose Schools, ISO 9001:2008 certified

*It is not for our family, it is not to secure a good position, it is not to earn money, it is not to obtain a diploma, that we study. We study to learn, to know, to understand the world, and for the sake of the joy that it gives us.*

## Prim Bulletin

***Delighted to reach out to you all again !***

***Another month has just passed giving its lessons for all of us. Results of the first unit test has brought in happy yet motivating energies in the teachers and hopefully for the children too.***

***Primrose is blooming; slowly yet beautifully.***

***Installation of Smart labs were a major infrastructure development in the last month.***

***Thamizh poetry recitation by our children was unique. It was heartwarming to hear Senthamizh from almost every child.***

***Independence Day and Ramzan and our own Chennai 's birthday happened colourfully.***

***Kindergarten children visited Pazha Mudhir Cholai and came back with rich memories and souvenirs of apples.***

***The energy of our children always amazes us; when it came to interschool competitions, the spirit of participation we witnessed in them was astounding.***

***Celebrations happened, Prizes given, Learnings learnt, Resolutions taken - All is Well.***

***We consecrate our education, our successes, our joyous moments, our challenges, our opportunities, our uncertainties, our ignorances and everything we are to Divine. Our sincere thanks to Her for being with us at every step and for that ray of hope which promises a greater future.***

***With Love and Hope,  
Editor, Prim Buddies***

## **Paraphrase of Sri Aurobindo's Message to the Nation on August 15, 1947**

*August 15th, 1947 is the birthday of free India. It marks for her the end of an old era, the beginning of a new age. August 15th is Sri Aurobindo's own birthday too. His dreams for the country were wide and large.*

*The first of these dreams was a revolutionary movement which would create a free and united India.*

*Another dream was for the resurgence and liberation of the peoples of Asia and her return to her great role in the progress of human civilisation.*

*The third dream was a world-union forming the outer basis of a fairer, brighter and nobler life for all mankind.*

*Another dream, the spiritual gift of India to the world has already begun. India's spirituality is entering Europe and America in an ever increasing measure.*

*The final dream was a step in evolution which would raise man to a higher and larger consciousness and begin the solution of the problems which have perplexed and vexed him since he first began to think and to dream of individual perfection and a perfect society.*

## **Little Boy**

*Nidhi Rajan, Std 2*

*August 6, 1945 the sun rose into a clear blue sky over the city of Hiroshima in Japan promising a warm pleasant day. Nothing in the day's dawning indicated that this day would be any different from its predecessors.*

*On this day a single bomb dropped by a single airplane destroyed the city, leading to the end of 'World War II' and introducing mankind to the Atomic Age". "Little boy and Fat man".*

*Hiroshima is a place located about 500 miles from Tokyo, was selected as the first target. 9000 pound uranium was loaded aboard the plane which dropped the bomb known as "Little boy" destroying fire square miles of the city.*

*The second target was Nagasaki where the plutonium bomb "Fat man" was dropped at 11.02 that morning. More powerful than the one used at Hiroshima. The Hiroshima bomb, known as "Little boy" - a reference to former.*

*President Roosevelt, three days later launched the second, bigger atomic bomb against the city of Nagasaki. The device known as "Fat man", after Winston Churchill weighed nearly 4,050 kg.*

*Hiroshima Day commemorates 6 August 1945, the day when the atomic bomb was dropped on Hiroshima & Nagasaki. Hiroshima day is now a focus for "anti - war" and anti - nuclear discussions and demonstrations.*

# My unforgettable birthday gift

Aakash, Std 2

Every kids d day is their Birthday and I'm no new to that special day. Though our parents tell us how much they love us, care for us and so many other things. We count on them only when they get something special on our "Birthday". I really love my parents, they always got me whatever I had asked them on my Birthday. But one special gift which I cannot forget is the musical Guitar / piano. That was a real pleasure and surprise to me.

It was my 6<sup>th</sup> birthday. Every one wished me, hugged me and blessed me, but no GIFT. I was totally disappointed but still, I didn't show it to anyone. I was very angry. They got me a beautiful new dress, lots of chocolates and all stuffs. But NO GIFT. But after having my both and dressing up to school. Suddenly everybody in the home wished me loudly with a chocolate cake in the table. I was in no mood. My dad surprisingly gave me the ultimate "guitar / piano" set, which I loved it to the core. I will cherish this gift and moment forever. "I love my parents".

# My New School

V.P. Shai Sharan, Std 1

My name is V.P. Shai Sharan. I am studying in I std. My school is Primrose. I like my school very much. I have lots of friends. I will play with them. I like my teacher. She will teach very nicely. I like skating in my school. I enjoy going to computer class. I like to go by van also.

# My Friend

Haripriya, Std 2

A friend is someone who stands by you. A friend is someone who encourages you. A friend is someone who makes you smile. A friend is someone who brightens you.

Varshini, Std 2

Friendship is the only ship that cannot not sink. Without friend we cannot live. We share everything with friends. We laugh and cry with friends. I love friends.

Sri Sai Priya, Std 2

Life without friends are boring. Friends are for sharing. Friendship is the true relationship. A friend in need is a friend indeed.

**Saina nehwal,  
Kshema , Std 7**

Saina nehwal born on 17<sup>th</sup> march 1990 is regarded as the prolific Indian badminton player and she is arguably the best female Indian badminton player currently in india. She has achieved some remarkable feats in the past one year like achieving the 2<sup>nd</sup> ranking is the world, winning 3 international tournaments back to back and upsetting top seeded players in world badminton. Her biggest achievement is that she became the first Indian woman to reach the quarter final round at the olympic games. She was awarded Rajiv Gandhi Khel Ratna award this year for her magnificent performance in international tournaments. She is the first Indian to win a medal in badminton at the Olympics.

She achieved this feat by winning The Bronze Medal At The London Olympics 2012 On 4<sup>th</sup> August 2012. She is the first Indian to win the World Junior Badminton championships. Saina Nehwal was born in a Jat family to Dr. Hariva singh Nehwal and Usha Nehwal in the city of Hisar, Haryana and completed first few years of her schooling from campus school. Harvir singh initially worked in CCS HAU and they then had their residence in the University Campus. He clatter shifted to Hyderabad and so Saina spent her growing years in Hyderabad, India. Her foray into the world of badminton was influenced by her father Dr. Hazrvir Singh, a scientist at the Directorate of oilseeds research, Hyderabad and her mother Usha Nehwal, both of whom were former badminton champions in Haryana.

**Happy Birthday Grandma,  
J. Roveena, Std 7**

Grandma, on the occasion of your 65<sup>th</sup> birthday. I wanted to take some time and share my thoughts and memories with you. Starting with my childhood, I remember so many wonderful days. Playing, sitting with you while you patiently taught me to cook, to sew mittons. Thank you grandma for teaching me by examples how to cherish in the inherent joy in life and how to push through so many times. You have so many talents, gifts and abilities which you freely share. You have always made me feel proud, so important and so loved. So you have lived A beautiful life – one worthy of emulation. I love you dearly happy birthday sweet grandma. May you find great joy in all remaining days of your well – lived life. I love you grandma.

**Visit to Mobile Planetarium  
Kshema, Std 7**

We started our trip to DAV public school at 9.50 a.m. and reached there at 10.20 a.m. After going there we waited for our turn to know about different types of robots. Then two people invited us to give a small introduction about robots. There were humanoids robots, bio – inspired robots, explorers, vehicles and stripers. They operated and explained how they showed movies about two different topics. (1) earth's wild ride, (2) ultimate universe. In the first topic we saw how dinosaurs disappeared from the earth, earth's solar and lunar eclipse and craters on moon. The second topic was about comets, asteroids, nebula and big bang.

**Prim Quote**

**Our courage and endurance must be as great as our hope and our hope has no limits.**

**With My Blessings**

**The Mother**
