Primrose Schools, ISO 9001:2008 certified

*It is not for our family, it is not to secure a good position, it is not to earn money, it is not to obtain a diploma, that we study. We study to learn, to know, to understand the world, and for the sake of the joy that it gives us.*

## Prim Bulletin

**It is New Year!**

*A new beginning, a new promise, a new faith, a new you and me. It is no doubt that Primrose is progressing the way it should for it is true that nothing comes to us without our own sanction whether or not we know it. The rich experience of last year is preparing us for a meaningful and adventurous year. Let us not worry about what is in store for us. It is certain this year will be a year of flowering growth, overflowing happiness and highest aspirations fulfilled in Mother's Love and Grace. It is only up to us to open out the arms and embrace Her protection and take that progress.*

**TAKE THAT**  
PROGRESS

*January was an excellent start for us. We started off with a humble act of sharing materials, time and cheer with the less fortunate children who live without their parents but surely under a larger care and best future plans.*

*We had our 7<sup>th</sup> Annual Sports Meet too in January. It was a touching experience to see how our children exceeded anyone's possible expectations.*

*Finally, a word to remember – In one of The Mother's New Year messages, She said way back in 1935,*

*"We surrender to Thee this evening all that is artificial and false, all that pretends and imitates. Let it disappear with the year that is at an end. May only what is perfectly true, sincere, straight and pure subsist in the year that is beginning."*

# Story Time...

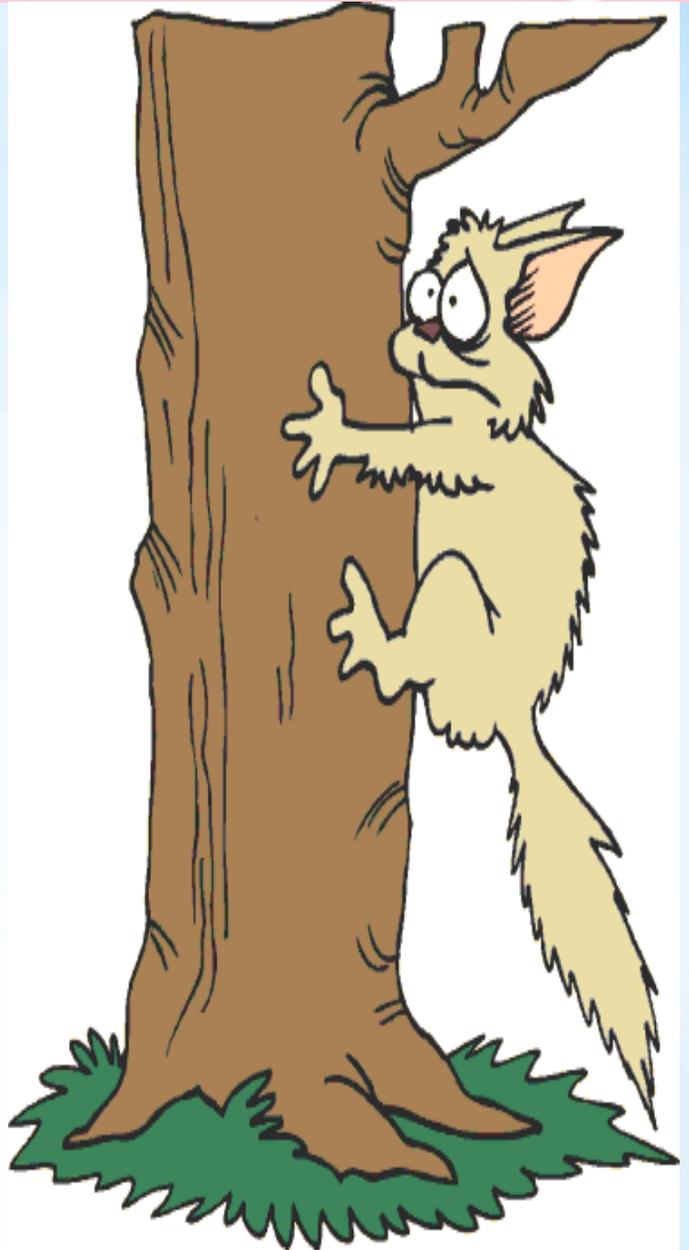

## Cat on the Tree

I had a pet cat called Tom. It was very playful. It liked to hunt birds and chased all the birds from the neem tree at our house garden.

One day I was shocked to see Tom on the branch of a tall tree and it looked so scared and was struggling to come down the tree.

I didn't know how to climb the tree and help to get down Tom. I brought a ladder from my home and climbed on it and stretched my hands to catch hold of Tom and help him. It was so happy and jumped on me. Both of us were very happy.

## Cat on the Tree Again!

I saw a cat on the tree. I wanted to save him and help him to get down. If I shake the tree it will fall down. I thought for a while and decided to get help from fire fighters. But I didn't know the number to call them. So I got the number from my friend's parent. Then I called 103. The fire fighters came immediately and told me not to worry and also told with few seconds they will bring the cat down safely. I closed my eyes and started counting. When I finished counting 10 they rescued the cat. I was so happy and thanked the firefighters.

One day we visited our grandfather's house. On the way, we went to hotel, park and beach and enjoyed well. At my grandfather's house I went to see the garden. There were varieties of plants.

On the way back home I went to my friend's house and played chess. I enjoyed well. the whole day

## Prim Quote

*As is the education of the mind, so is the education of the heart, the best way is to put the child into the right road to his own perfection and encourage him to follow it, watching, suggesting, helping, but not interfering. With My Blessings.*
