

Prim Buddies

Primrose Schools [ICSE]

It is not for our family, it is not to secure a good position, it is not to earn money, it is not to obtain a diploma, that we study. We study to learn, to know, to understand the world, and for the sake of the joy that it gives us.

Prim Bulletin

Welcome to August's Prim Buddies.

The first weeks of this month consisted of our usual routine until on the Thursday of the second week, we were told that that afternoon there was going to be a competition ---- Classes 1-3 had to draw, 4-5 had to write essays, and 6-9 had to talk for a minute given to them on spot. It was like setting fire to our minds to think something rapidly.

On the fifteenth of August, we celebrated Independence Day as well as Sri Aurobindo's Birthday with a poem about India, two excellent speeches about our freedom and Sri Aurobindo, songs were sung, and a short skit was played.

The end of this month was full of excitement. Talk about our first interschool football tournament was everywhere. The tournament started with the kick of our SPL. We watched intently, taking in all the techniques they used so we could use it ourselves when we played. The more games we watched, the more techniques we learnt, the more closer we got to having a team of our own. The players showed their talents through their kicks and their defense. Each player's choice mattered: whether they kicked the ball straight to the goal or stealthily passed it to a teammate.

Which brings us to "CHOICE". Choice is the act, the power of choosing. Allow me to elaborate.

Choice makes up who you are. You can choose the way you look at things. You can choose which of your dreams will become soon become reality. You decide whether to do it or toss it aside. To say yes or no. To take the risk or play safe.

So be the best person you can be because choice decides where you will end up.

FRIENDSHIP — A VALUE BEYOND COMPARE

Friendship is an important part of our life and a strong relationship with people will always keep you happy.

Good friends will be with you to share good times and stand by you to help you overcome the hard ones. They are sincere and incredible.

They love you because they choose to and not because they should. Friendship is to have wonderful moments with friends and sticking to them no matter what you do or what goes on.

- K.Deeksha, Std V

**Few
Relations
In
Earth
Never
Die**

Friends mean those who really respect and care for others. My best friends are Aryan, Seiyan, Kapilash, and Aravind.

When any one of us are ill we make it a point to visit him and speak encouragingly. My friends are very good. They are very kind friends.

During prayer in our school we take pledge that we are all Indians brothers and sisters. But how many of us follow it?

Here, we consider others as brothers and sisters.

I Love My Friends!!

- K.Priyadarshan, Std II B

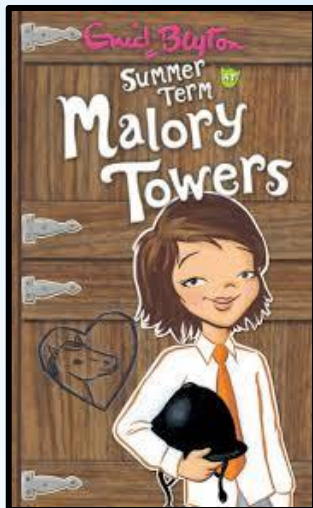

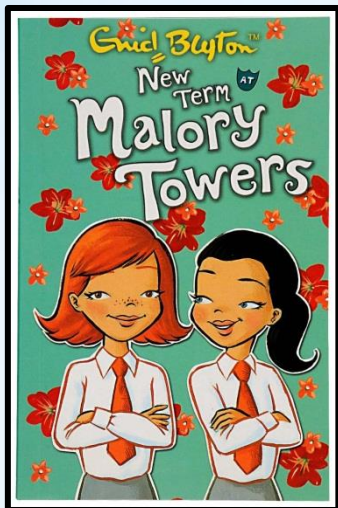

Good Coffee
is a pleasure.

Good Friends
are a treasure.

Book Bites

The comics Amazing Spiderman has inspired me so much that I was transformed into a lover of Peter Parker(Andrew Garfield). The series was also taken as a movie which I would die to watch. It is not usual for a girl to like Spiderman. I wish to read the other series . I will love forever the Amazing Spiderman!

- Janani, Std IX

My favourite book is Malory Towers, which is a series of six novels by Enid Blyton. I like this story very much because it stands for friendship, lessons, sports, plays, and especially mischief. Here I love the character of Darell and her friends Felicity and Julie. They grow together as they share their school days. This is an adventurous which I love the most. We can learn many things from this book such as how a school life would be.

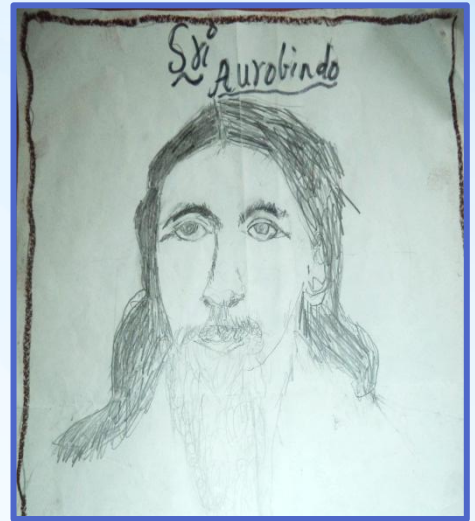

- Muthulakshmi, Std IX

Know your English

"That" effectively makes the right hand clause into an adjective. For example "This is the house that Jack built" – here "that Jack built" is part of the description of the house.

"which" (or more precisely, ", which", since you need the preceding comma) just adds a descriptive phrase which supplements the sentence. For example "This is Jack's house, which is quite large".

The essential difference is that "This is the house" does not narrow down WHICH house you're referencing, so you add "that Jack built" to make that distinction. On the other hand "This is Jack's house" DOES narrow down which house you're referencing, and so you don't need to narrow it down further, and so you don't need "that".

Quote of the Month

"Making millions of friend is not an achievement. The achievement is to make a friend who stands with you when millions are against you."
