

Prim Buddies

Primrose Schools [ICSE]

It is not for our family, it is not to secure a good position, it is not to earn money, it is not to obtain a diploma, that we study. We study to learn, to know, to understand the world, and for the sake of the joy that it gives us.

Prim Bulletin

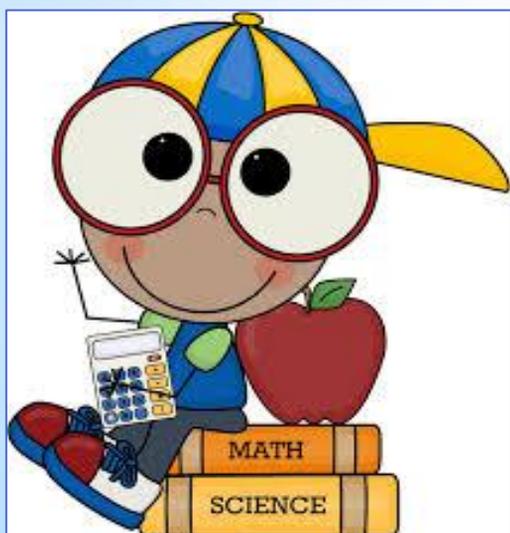

Welcome to the first issue of Prim Buddies in the academic year 2014-15. This school year started off with fun and excitement. New teachers, new friends, and a feeling of a new atmosphere. The whole school seemed to be in a jocund mood. We were glad to see our friends after what seemed like an eon. And most of all we were delighted to start learning.

The beginning of the year took on a busy schedule. The announcement of the election evoked an intense but friendly competition between us seniors. The end of each day of the week allowed us to exhibit our talents of persuasion to get the students to vote for us, trying our best to do or say something that would set us apart from the other candidates competing against us. We all fervently hoped we would win.

The results were announced and the next day an investiture ceremony took place that would give us the full rights of our title. We were presented a sash and badge and we promised a few things that we would do as leaders. It was a grand celebration and a true honor.

Overall, we absolutely loved it . . . which leads us to our moral value of the month: Joy.

Joy is one of those feelings of complete happiness that it "scatters a hundred grieves." It comes from deep within our hearts. As Martin Luther King said, "Occasionally in life, there are these moments of fulfillment which cannot be completely expressed by those symbols called words. Their meaning can only be articulated by the inaudible language of the heart."

Most of your life's joy comes from such small things you just don't realize it; a hug from your mom/dad before you go to school, a high five from your big brother, or even just a peaceful, quiet moment outdoors. Education also gives us happiness. Learning is not an encumbrance but a joy of life. It takes but a second to realize if you listen to the energy of your teacher and savor the small jokes which make class interesting. Start each day with a happy smile and you will find truth in Primrose's Vision: to "Experience The Joy Of Learning."

*With Love and Hope,
Student Editors, Prim Buddies*

Summer Vacation!!!

In the Vacation

In this vacation, I went to Kanyakumari. I saw the sunset and moon rise on the same time.

The next day, we went to Kuttrallam.

My family and I had a 'great' bath in 5 different falls. The speciality of the falls is that they cross all medicinal herbs. So, taking bath in those falls relieves various pains. After 2 days of enjoyment in Kuttralam, we went to Munnar- the hill station in Kerala, which is surrounded by tea and coffee estates. I had a wonderful time with my family. I spent my holidays happily in many places.

- Rakshika, STD VI

Summer Camp

This year I attended a residential summer camp at Vedanthangal Farm House. The days I spent there were very memorable for me. In the summer camp I learnt about solidarity, organic farming, good health and service. I did so many things there. I went to a village school and taught the kids yoga, meditation and some craft work.

We plucked vegetables for the day's cooking, bathed in a water pump, splashing water on each other, ate organic food, and so on. It was so much fun!

- Rudhra , STD V

A Warm Welcome

THE COMING YEAR

**New books, new pens, new cloths
New lessons to learn,
New books to read,
New spirit of activity has begun!**

**I like my teachers very much,
They are full of stories everyday
I like my friends very much,
With fun and surprises everyday**

**As things done half are never right,
Complete the work in given time,
This is a rule that we can follow,
For the coming year in Primrose
School**

**We students and teachers of Primrose
School,
We will experience the joy of learning
In the days and months that are yet to
come,
We will together stand as light of truth.**

- Anna, STD V

I LOVE MY SCHOOL!!!

**I am proud of being a student of
Primrose school. I have learnt the
extraordinary values. It has been
teaching me:**

Principles of understanding

Respect to all elders

Ideology for everything

Minute capturing of things

Remarkable in all fields

Obedience as a figure out

Sociality towards environment

Eliminating all problems

- M.Aravind STD II

Art of the Summer

Know your English

1. **WRONG:** The end of good is good
RIGHT: All's well that ends well
2. **WRONG:** Future events show their shadows before
RIGHT: Coming events cast their shadows before
3. **WRONG:** Forget the past
RIGHT: Let bygones be bygones
4. **WRONG:** Health is money
RIGHT: Health is wealth

Quote of the Month

“Joy is the feeling of grinning on the inside.”

-Dr. Melba Colgrove
