Primrose Schools [ICSE]

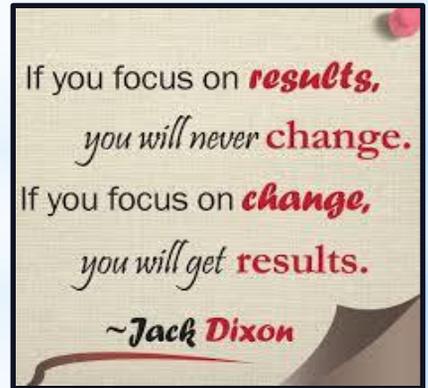

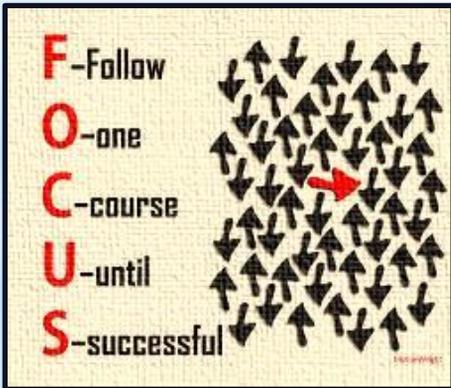

It is not for our family, it is not to secure a good position, it is not to earn money, it is not to obtain a diploma, that we study. We study to learn, to know, to understand the world, and for the sake of the joy that it gives us.

Prim Bulletin

In this month, we had a blast of "Lasts" but not "Ends".

We had our last project day. It was full of energy, each performance lightening the parents' mood. We depicted short dramas from the British coming to India, the Dandi movement, the revolt of 1857, and a grand finale by class 2 of India after a long struggle becoming a free country. The students received a huge applause for their efforts in the past weeks. March was our last working month for our current grade. Our last set of exams for this year started at the end of the month. It was the last month that our teacher Julaiha Mam taught our class before she left the school.

But most importantly, this is the last newsletter of the academic year. We have made a new team and next year the newsletter's going to blow your mind!

And now the "last" message of this year: Focus.

Focus is intense concentration on something. Focus is essential to get results. Focus on playing the piano, you'll get the prize; Focus on your studies, you get marks; Focus on what's in your control, and you can change the world.

Imagine a bottomless pool. Some may dive deep intent on delving into the dark secrets of this mystery. Others may just like to swim, staying on top of the water. Focus is just like this pool. The deeper you go, the more the intensity of your focus.

So now, when you feel your thoughts are wandering off to another world just remember to dive deeper into that pool of yours and soon success will come running after you.

Happy Women's Day!

Women's day

*We celebrate a special day,
as they say,
It is on march 7th
And for women*

*Women are very strong,
But not very long,
Women are clever,
But not a lever,*

*Women are calm,
as cool as a palm,
Women sometimes flare up,
But that's called 'MOM!'*

*Have you guessed the day?
as you may,
you can take your time,
But not a lime*

- Riya Antony, STD V

*“Our mothers always
remain the strangest,
craziest people we've ever
met.”*

— Marguerite Duras

*“Mama was my greatest
teacher, a teacher of
compassion, love and
fearlessness.*

*If love is sweet as a
flower, then my mother is
that sweet flower of love.”*
--- Stevie Wonder

Mothers of Primrose!

My mother

*She gave birth to me
She took care of me
She helped me for anything
She is my Mother!*

*She taught me to walk
She taught me to write
She taught me to talk
She is my mother!*

*She never said no for anything
She never left me alone
She never stopped me for
anything
She is my mother!*

- Abrar Ahmed, STD VI

Mother

My mother's name is Deva Sahayarani. She is very kind to me.

She knows to stitch, sing, and cook well.

She cooks very deliciously. I like my mother's cooking very much.

She helps me finish my homework on the right time and makes me study well. She always prays for my wellness. She is the best mother ever!
