## Robomate Initiated IIT Classes

Dear Parents,

Primrose Schools is on its endeavour to prepare our children for various National Competitive Exams like NEET/AIPMT, and would like to start the medical coaching classes from August 2016. As a precursor to this we have come up with e-learning tabs to learn, solve and practice offline (without internet) with Learning Management Systems (LMS), where the parent and teacher will stay updated on what the child is learning everyday. The child will be provided with a tab that includes content, model test patterns and LMS that will monitor the child's progress. Teachers will coach them on every Saturday. Our knowledge partner, Robomate, provided a detailed presentation on the working of the app to all the parents on June 25, 2016 and answered various queries raised by the parents. Subsequently, he has provided the rates for the Tab below:

**Parents need to directly co-ordinate with the vendor for SD Card changes. The school will not take any responsibility for any damage/loss of data that is caused to the tab during configuration.** We request you to get the Tabs at the earliest to facilitate effective coaching for the entrance examinations.

Warm Regards,

Principal,  
Primrose Schools
