

# Prim Buddies

Primrose Schools [ICSE]

*It is not for our family, it is not to secure a good position, it is not to earn money, it is not to obtain a diploma, that we study. We study to learn, to know, to understand the world, and for the sake of the joy that it gives us.*

## Prim Bulletin

Welcome to the February issue of Prim buddies! We hope you are doing well.

*“Do not pretend - Be.  
Do not promise - Act.  
Do not dream - Realize”.*  
--The Mother

The shortest month of the year, February went by very fast. Nevertheless, we had umpteen reasons to celebrate. Mother's birthday is the most important celebration in the month of February. The celebrations at Primrose was as always, beautiful. Children brought flowers for the Mother and the entire day was dedicated in prayer and meditation. Hope you enjoy reading this month's issue and we will see you shortly!

## Helen O Grady

My most favourite class is the theatre class at school.

One Saturday we gathered at school to put a show for the parents.

We got on the stage and happily performed the toy shop chaos.

We did our part without any fear.

Each and every moment we happily said our dialogues.

We danced and moved.

Our parents enjoyed the show.

We all thanked the teacher for teaching us how to be a part in a play without being scared or shy.

---Rikhil Jayden, III

## Mother's Birthday Celebration

In our school we celebrated our Mother's birthday by offering flowers and by having a few dances, skits and such presentations.

During morning assembly, all of the children and teachers were asked to close their eyes and have a moment of silence in respect for dear Mira Alfassa.

After assembly, all of the classes, one by one, were asked to go to the open auditorium, where there was a 'shrine' for Mother. Every child was asked to bring flowers and leave them in front of the picture of Mother, after which each individual said a small prayer. We all then gathered and sat in a moment of silence once again, but as a class when we left, we were all given a sweet, rasagulla, a syrupy desert popular in the Indian subcontinent and regions in South Asia.

Following this, we all ate our lunch and made last minute touch-ups to our presentations.

When the bell that signified the end of our lunch break and start of our sixth period rang, we all formed a line and were led back to the open auditorium with our class teachers, where all of the children were seated, and the program began once our respected principal, Mr. Ganesh, arrived.

The third grade children told inspirational quotes by the Mother, fourth standard then told more quotes by the Mother and performed a song as well, fifth girls did a dance and the same grade boys sang the song 'Malar Pola Malarginra', sixth grade then told five quotes and explained them with deep and meaningful definitions, three children, Amritha, Pulkit and Giri gave speeches on the life of Mother while another girl recited a poem and ninth grade gave us all the entertainment of a play, in which they gave an example from the Ramayana to show us to be brave and stand up to the evil in the world. The end of our celebration was marked by a few words on Mother by our Principal Sir.

The day was both educational and eventful for everyone who respected and appreciated Mother with their presence.
