Primrose Schools [ICSE]

It is not for our family, it is not to secure a good position, it is not to earn money, it is not to obtain a diploma, that we study. We study to learn, to know, to understand the world, and for the sake of the joy that it gives us.

Do you know why we celebrate Teacher's Day on September 5th?

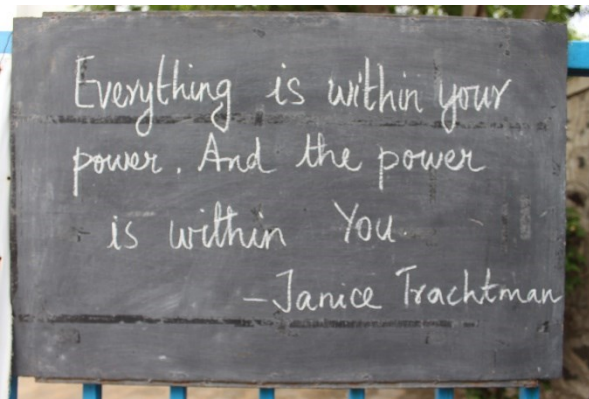

Must seem like any other day, right? Well no! September 5th is Teacher's Day. But, did anyone ever wonder why that day is considered special and celebrated as Teacher's Day?

As a mark of respect and to recognize teachers' contribution towards the society, most countries celebrate Teachers Day. In India, we observe it on September 5th, the day President Dr. [Sarvepalli Radhakrishnan](#) Virswami was born. It is said that when Dr. Radhakrishnan became the President (1962-1967), his students and friends wanted to celebrate his birthday.

Known for his humility, he said, "Instead of celebrating my birthday, it would be my proud privilege if September 5th is observed as Teachers Day". Since then, his birthday has been observed as "Teachers Day".
