

DELIGHTFUL DECEMBER

From Principal's Desk

Dear Parents,
Warm greetings!

"It is not for our family, it is not to secure a good position, it is not to earn money, it is not to obtain a diploma — that we study. We study to learn, to know to understand the world, and for the sake of the joy that it gives us."

As Mother rightly quoted, Primrose Schools believe in 'Joyful Learning'. Primrose is not just a place where the alphabets, numbers, rhymes and other factual concepts are taught. We work to bring out the hidden skills of every child through various events joyfully. The school joined hands with parents to celebrate children and their abundant creativity. Primrose conducted "Vasuda Vatsalya," the KG Intraschool competition on 16 December 2017. The activities were designed with utmost care to suit their age.

Every child possesses a skill; in order to identify and nurture it, we laid the right platform for our Prim buds. The KG children enthusiastically participated in various events that were thrown open to them.

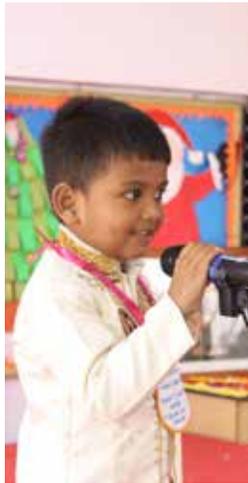

The “ Splash of Colors” was an inspiring drawing event — it was a reflection of their own imaginations. The bright little ones who were waiting for a challenge were given an opportunity to think critically through the event “ Put on your Thinking Caps!”

The floor was all set for the little Michael Jacksons and Sudha Chandrans. The dancers set the floor on fire with their energetic performances. The spectators bore witness to the enthusiasm and energy of the tiny tots as they enthralled everyone with their performances.

A story telling competition was conducted to enable the young minds to come up with confidence. The participants came dressed up accordingly and presented their story with suitable props. The children were excited to listen to the stories narrated by their friends. The content and the presentation skills of tiny tots were outstanding.

“ What an Act – Monoact” proved to be a perfect tool for the young minds to learn and educate people around them on social issues. Age is no limit to do the right thing — I felt happy to see the younger ones talk about the social issues happening around them. This way, I also feel content that we are travelling on the right path in inculcating the habit of social responsibility in children.

The event enabled us to create a bond between the child, parent and the teachers. I appreciate and thank the parents for rendering their support to bring out the talent of the young ones to spot light.
