

SPIRIT OF LEADERSHIP

From Principal's Desk

As I write this, I feel the air filled with the familiar anxiety and excitement of student prefectural election. I step out of my cabin and take a stroll around the classes to have a casual chat with my children. I can notice half the bunch being restless, half waiting anxiously to get their election results. I wonder, "Will my children be able to face the results with courage, will they be heartbroken if they lose?". However, when I speak to them, my spirits raise. Their response gives me the confidence that we have, indeed inculcated the true spirit of leadership in the minds of our children. "Leadership is not what comes with the badge, not an assertion of control over others, not a path to privilege, it is a responsibility, the sincere desire to serve and win the trust and confidence of the fellow students."

The election serves as a tool for giving students a voice in the day to day affairs of the school. With the chance to 'have a say' also comes responsibility of acting as role models to the student body, attending regular meetings, discussing key issues and being ready to represent the school; I believe this is the right time for the children to take up the mantle of leadership and discharge the responsibilities entrusted upon them. The experience will mould them to be better leaders tomorrow. I would like to thank my children owning the school leadership.

If a student can rise up for a cause it will be heard and implemented. This year we are happy to introduce additional posts that include Sports Secretary, Literary Secretary, Cultural Secretary. My hearty thanks to the student leader team, that helped us last year. I wish all the newly elected student leaders of the school good luck. Hope you deliver what you promise, without compromise.
