A PRIMROSE SCHOOLS EDITION

Greetings!!!

A plant which is sown on the right time keeping in mind the forthcoming seasons flourishes and grows well. Education is a lifelong journey. This journey timed well with parents, teachers, ancestral blessing given life long yield for the betterment of the world. To grow and prosper and share the joy with others is the spirit of good education. Needless to say Vijayadashami is the day to start that journey. We had our children beautifully carving the divine names which was held by their father who is the first teacher. Grand parents eager to bless them and to wish them well. Silver line at the edges of the eyes to see their grandsons and daughters to get good knowledge and be a good citizens of this society.

Diwali, Deepali, Deepa oli, however different we say it, we all know it brings the greatest joy to the children. Dance, drama, music, safety environmental concerns, were all part of our Diwali celebrations. Children were taught perseverance as part of this celebrations. Sometimes it may look like evil wins over good. But always good stands victorious tide in or tide out. We just need to hold on our stand with good irrespective of the challenges brought to us.

With sports day round the corner, we made hectic arrangements for executing sports day. This time we were determined to expose our children to various national games. Fourteen individual games and seven team games were introduced across all levels. TT, badminton, cricket, basketball coaching was introduced. Training on kho kho , kabaddi , throwball was provided. Karate, yoga and drill was executed continuously. Athletics was it its peak. Indoor games like chess and carrom was played with great enthusiasm. We ensure that everyone will be given an opportunity to enrol in three team games and two individual games. Ten coaches were hired. Professional grounds were booked. Every sport was trained on the national rules. The students were at their best. We all got sun tanned. Some people could not recognise me ! Is there a better place than our school ground when our children are playing? Sun, rain, no matter what, the game continued.

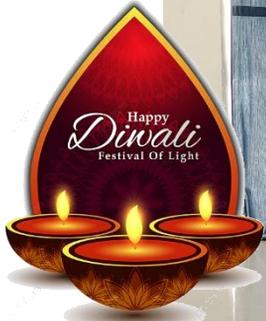

Regards,
Principal

VIDHYAARAMBAM

Vidhyaarambham – Introduction to world of knowledge. New members of Primrose Family got a divine welcome at school with the blessings of the parents to gaining endless knowledge through learning at school.

DIWALI CELEBRATIONS

Happy Diwali

A happy festival for children was celebrated at the school campus. A good over evil is the mark of this festival. Rollicking crowd with felicitous crackers sound boosted the mood of festivity. Happiness, sweets and good memories were the hand outs of the day

DIWALI CELEBRATIONS - KG

The word Diwali translates to "row of lights" in Sanskrit. The multi-day festival of lights include fireworks , food , and cultural events. The cute little tots of Primrose presented a series of events on celebration day.

SPORTS DAY

Primrose has opened the golden gates for the students on Sports. The importance of playing at the ground and the health benefits are well informed to the children. Many new games like Kabaddi, cricket, Basket Ball and Table Tennis were introduced. Athletics Tournament was conducted to separate event. The winning or losing never ends the sportsmanship of our children. Every child takes up the opportunity, strived hard and headed to each the finishing line.

Football, the all-time favourite of our children was played with enthusiasm and Josh. Cricket, the most wanted sport by the middle and high school boys made them excited while playing the game. Kho – Kho, a classing game which increased the intensity of the student's involvement in sports. The girls played the game with great coordination and team spirit.

SPORTS DAY

Leaping to the maximum and setting the target is the knowledge acquired through Long Jump. Introduced this sport this year to expose our children to this sport to improve their speed, strength and agility.

Not only physical fitness was given importance, the intellectual nourishment was ensured through the indoor games like Chess and carrom. The champions were urging with astute strategies in chess and dashing moves in carrom for winning the game shoed their strength.

Badminton and Box Cricket was conducted as a part of Sports Day event. The team spirit and the responsibility of every player contributing to the team was well established by our kids.
