A PRIMROSE SCHOOLS EDITION

'The thinnest yellow light of October is more warming and exhilarating'

Sports competitions and activities inculcate the spirit of positive challenge and sportsmanship among the students and prepare them for the life ahead. Sports, and Physical Fitness occupy a place of importance in our curriculum. The students are actively involved in Kabaddi, Throw ball, Kho Kho, Football, Cricket, Athletics, Yoga, Karate, Chess, Taekwondo, Badminton and Other on-field sports activities. Students of Primrose have made our school proud at many Districts, State, National and even on international platforms this year. An opportunity to explore around 21 games was given for which around 210 students participated in various games in regional level, 36 represented National Level and 1 went for the SGFI.

Primrose, at their utmost concern about the health of the students, joined hands with the government health officials and carried out a Leprosy Eradication Programme for them. The strategy was to mitigate the disease by limiting the quantum of infection in the community and minimizing infective sources to break the chain of disease transmission. This awareness programme provided students with a safe learning environment free from threats and includes safe buildings, clean air and water sources and respect for the cultural, linguistic, and socioeconomic diversity of its inhabitants.

Teachers are among the basic components working relentlessly towards the realization of the multiple objectives of Primrose Schools. It is important that this segment of the school remains well-informed about the latest developments in their respective fields. To enable the teachers, perform to the tune of the time, the school organizes regular development programmes. Our management facilitates the training program by the CISCE council to the teachers of various departments on 'Effective ways to setup a Question Paper' in order to equip the paper setting skills.

We intend to go beyond the books by creating a society of learners where students are constantly challenged by teachers as well as their peers so that they outshine in every aspect of their life. Primrose acknowledged its student's talents on three different topics for Annual Day - 2023. Students have excelled in all areas of dance, acting, and speaking. Our aim is to ensure that each child's unique talents are recognized.

Regards,

Principal

CISCE Trainings

Teachers on work in the training programme conducted by CISCE on Effective ways to set a question paper. It helped them with their professional development by broadening and deepening their understanding of question paper setting, allowing them to engage all students in rich and challenging learning environments.

Health Department

Learning how to learn is the most important skill. We are not what we know but what we are willing to learn. Children were eagerly acquiring knowledge on a preventive measures to be taken by them to be away from serious illness.

Our school joined hands with the government health officials and has undertaken a LEPROSY ERADICATION PROGRAMME for students in order to encourage and support them in living healthy lifestyles

Annual Day Recording

As part of the annual day learning, our primrosians have taken to the recording theater to understand that expressiveness is not just in acting but also in every verse.

The expressions are ingrained deeply in the persona and spirit of the artist- Students of Mid and High school in their full swing!

Self expression spreads its wings to fulfill the desired purpose – students tried to contribute their best by enacting the scene in the studio

Annual Day – PreKG to I

Students of KG at their colorful display during their annual day, themed "VIBGYOR". It was a day filled with colours, smiles, fun, and an entertaining show put up by the children. Their smiling faces were welcomed by rapturous applause from the audience. They danced to the tunes of some vibrant instrumental songs, displaying breathtaking colours with highly coordinated movements that promptly set the tone and mood for an unprecedented atmosphere. Their energetic booming and clapping coaxed the enthusiastic parents to sway to their lively beats.

Annual Day – II to IV

Our students of class II-IV has showcased their talents on the title "WOMEN FREEDOM FIGHTERS OF INDIA" on the annual day with their outstanding dance and drama performances. The Academic Achievers were honoured by our director Ms.Sindura Arvind.

Annual Day – Class V to VII

Primrose has come together to honor the students' hard work and accomplishments with academic proficiency awards. Students from classes V–VII showcased their talents through dance, drama, and war scenes through the annual day performance entitled as "PONNIYIN SELVAN-3."

Annual Day – Class VIII to XII

The school commemorates another year of its existence and acknowledges the accomplishments of its students in academics, sports and other extracurricular activities throughout the year. Students have flaunted their talents with the theme named "SUNDARAKANDA". The entire high school team did a grand finale performance that gave the audience goosebumps.

The Souvenir for the academic year 2023-2024 was released by our director Ma'am Ms. Sindura Arvind.

It was a proud moment where the parents of school toppers in grade XII decorated the stage along with their wards. Miss Sri Saipriya shared her experience on stage while Master Visagan the school topper connected through online portal from National University of Singapore and Miss Harshini the third topper connected from University of Aarizona – USA.
