A PRIMROSE SCHOOLS EDITION

Greetings!

The month of November could be labelled as Outstanding month as it opens up the wings for another grand event "The Sports Day". We at Primrose always aims in giving a panoramic environment for our students.

The formal declaration of the athletic sports meet instilled a spirit of winning attitude in the minds of the students. The plan for the grand event was gradually developed without disturbing the smooth sail of academics.

We can claim that the medals that are won were not made of metals but it was carved out of sweat, resilience and hard work of every student. Each student in Primrose was tendered with opportunity to present his best in a variety of sports events.

The long and tedious work came to its full bloom in the Jawaharlal Nehru Indoor Stadium. The two days event showed the integrated work of Primary, Middle and Highschool.

The month gets its full attention not only to sports but also in academics where another notable event 'The Orientation Program' was planned meticulously to benefit VIII, IX and XI grade students. They were enhanced with ample guidance to plan their first notable step in their life.

The joy and happiness of the children is fostered in every moment inside the premises. The Children's Day celebration with bountiful special events by teachers added another colour to the palette of November.

Regards,
Principal
