A PRIMROSE SCHOOLS EDITION

Greetings!

Celebrating the Sunshine of August!

August signifies the strength, Integrity, Faithfulness and Persistence. Today, I rise up to share the prestigious and splendid accomplishments that our school has constellated in various sports events which in turn brings the integrity in one's mind. The expedition we excelled has fetched us to the phenomenal victory that has put forth to work hard towards the relentless effort, focused in the subsequent events as well. The positive action combined with positive thinking resulted in success!

Overcoming the intense power of addiction is not an easy deed. In order to emphasize the ill effects of drugs and its usage, an awareness camp with the help of city police was organized to educate the children to realize that drug addiction is an obstacle in their path. Channelizing them in the right spirit is the need of the hour and we always focus on the betterment of our children. Various outdoor and indoor activities made them to achieve the desired result. The box cricket demonstrated the stretch and strain in each and every hit.

The match for parents in Badminton is not only about winning, but about playing hard and putting up a good show for the spectators. Their dreams have the power to give our children the wings to fly. They threw the perfect ball, that made the defenders down and out. Our little Champions know the secret that getting ahead is getting started, so victory is not given it's earned on the track and field with the blood and sweat.

Added to it, in order to ignite the young minds showcasing India's desirous mission to conquer the moon a live broadcast for students was organized in our school premises. The curious young minds witnessed the prestigious moment with pride and dignity.

"Practice and Perseverance never let us down." It was a proud moment to see our children playing for Nationals. Freedom in the mind, reliance in the words, pride in the soul we were grateful for the way it impacted our society...let's salute the nation. All kids were in need of a little help, hope, age is no barrier and the way they played was an absolute joy and out of range. Just believe in yourself and challenge your limits.

Regards,
Principal
