A PRIMROSE SCHOOLS EDITION

# TRIUMPH OF LIGHT OVER DARKNESS

Diwali, the Festival of Lights, is a vibrant and culturally rich celebration that holds a special place in the hearts of millions around the world. It's a time when homes, streets, and hearts are illuminated with joy, positivity, and hope. At Primrose Schools, we believe in not just celebrating Diwali but also incorporating its values into our students' education.

The celebration of lights came alive at Primrose. Diwali is also a celebration of creativity and artistry. Students at Primrose Schools have the chance to express themselves through Diya (lamp) decoration and dance and music performances. These creative endeavors allow students to tap into their artistic potential and learn to appreciate the beauty of Indian culture.

# TRIUMPH OF LIGHT OVER DARKNESS

Decorated with lights and vibrant hues, the school premises had an ambience of joy and happiness. The students showcased the spirit of Diwali through a skit and a scintillating dance performance which added much exuberance and brought great joy to the audience.

# STORY OF DIWALI- CLASS III ASSEMBLY

The Principal addressed the gathering and brought out the essence of the festival – a celebration of life and goodness. Students talked about the significance of the festival – how good always conquered the evil and also about why and how Diwali is celebrated across India.

Besides sensitizing students to the ill-effects of crackers, they also shared the guidelines on being safe while bursting them.

# A SYMPHONY OF LIGHTS: THE FIREWORKS DISPLAY

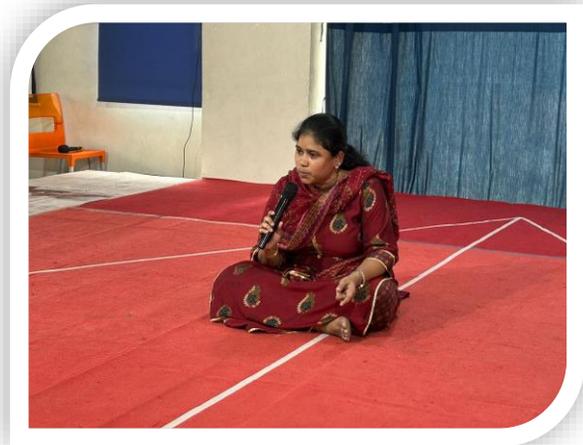

Diwali is an occasion to rejoice in the conquest of brightness over obscurity, and here at Primrose Schools, we take pride in celebrating one of our cultures happily with bursting the crackers safe and sound.

The assembly concluded with Principal sir's giving away the message of a clean, safe and a bright Diwali.

**“EVERY CHILD IS A DIFFERENT KIND OF FLOWER THAT ALTOGETHER MAKE THIS WORLD A BEAUTIFUL GARDEN.”**

**CHILDREN'S  
DAY**

Children's Day was marked with grand splendour and fiesta as the school campus buzzed with excitement and joy as it was a day wherein fun and frolic dominated.

Day was celebrated with vigour and enthusiasm by the children and teachers of Primrose on 14 November. The teachers made the occasion memorable for the children with a special assembly. The children were treated to a melodious medley of songs by their teachers. Students were elated to see their teachers performing and celebrating the day with zeal and enthusiasm.

**EVERY CHILD IS A DIFFERENT KIND OF FLOWER THAT ALTOGETHER MAKE THIS WORLD A BEAUTIFUL GARDEN**

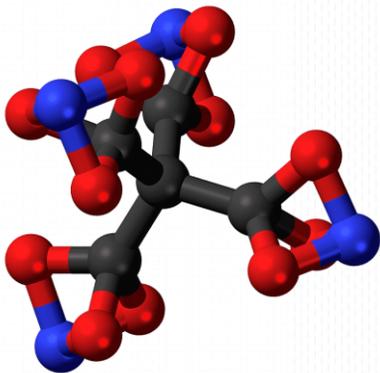

The following cultural programme had a series of interesting and exciting events, all planned meticulously for complete entertainment. Teachers of all levels enthralled the audience with their energetic and graceful moves with their traditional dance. Students pulsated with excitement when their teachers perform on the stage. The celebratory mood continued with singing by a group of teachers.

The Director Ms Sindhura Arvind in her address encouraged students to dream big and work hard. She also appreciated the teachers for their lively performance.

# TO APPRECIATE THE POWER OF KNOWLEDGE AND TO SHOW HOW DISCOVERIES AND INVENTIONS HAVE CHANGED OUR LIVES.

## PREPARATION AND MATERIALS

Students of Class V conducted a special assembly on scientific inventions and discoveries. The assembly consisted of a skit, quiz, presentations, movies enlightening the audience with various scientific facts.

# FRACTIONS ON PIZZA

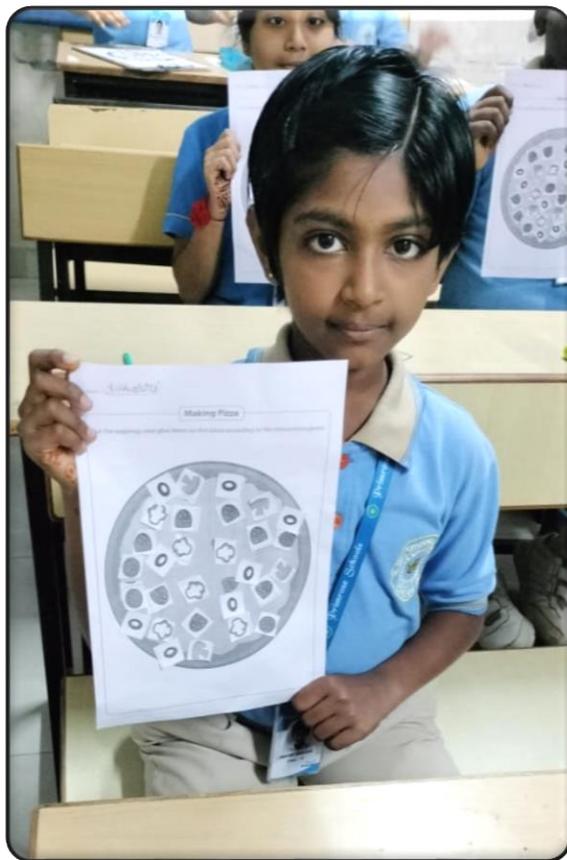

**Math is Fun**

This pizza activity is great for teaching fractions. There is a whole pizza base, one divided into halves and another into quarters. The ingredients like mushrooms, tomatoes and pepperoni needs to be cut out and stuck onto the paper pizza base. There is a selection of different questions that ask your children to make a pizza with ingredients using fractions, for example  $\frac{1}{2}$  cheese,  $\frac{1}{4}$  mushrooms.

# FRACTIONS ON PIZZA

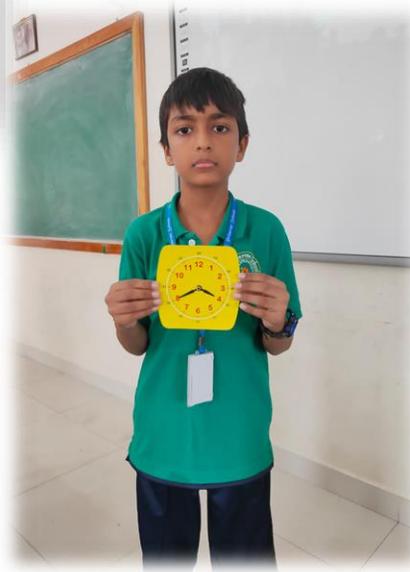

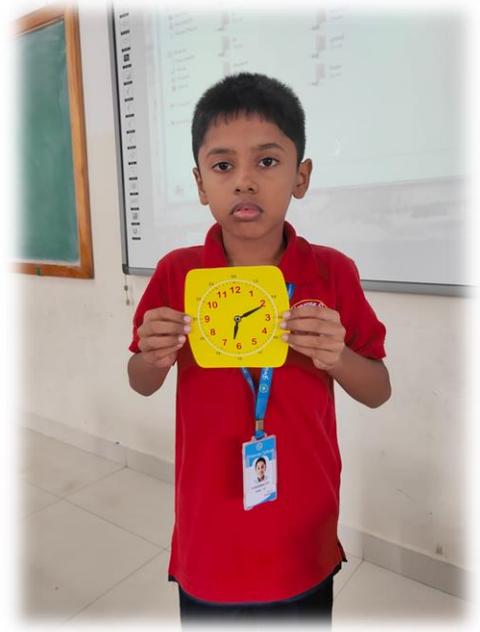

These hands-on materials help to improve the student's understanding fraction models and equivalent fractions while making a pizza.

# REACHED FOR THE STARS

'There is no losing in martial arts'. Our young Champ Rohan Karthik of class V won a gold medal at the Lion Martial Arts Association's National Level Karate Championship in Tumkuru. Congratulations and best wishes for your next adventure!

# SUNRISE TO SUNSET

Teaching time to kids can be a really fun and interactive process. Using visual aids such as a clock with moveable hands or a timer with numbers is one method to begin this transfer of how to set numbers correctly. Introduce the notion of minutes and hours, as well as how the hands of a clock move to signify the passage of time..

# THE ETHICAL IMPERATIVE

*Honesty  
is the  
Best Policy*

Honesty is a fundamental value that students need to learn in order to develop into responsible and trustworthy individuals. Activities focusing on this virtue can help children develop social-emotional intelligence in both a classroom and homeschool setting. These activities not only help children understand the importance of being truthful but also help them build positive character traits and develop good habits. From role-playing scenarios to group discussions, there are plenty of creative and interactive ways to incorporate honest activities into lessons.
